PORTALS

Guide Kaise Use Karein

Ye guide **CSC Smart Seva** system ka operator manual hai. System customer se WhatsApp par hi pura kaam leta hai — service pata karna, fields bharna, documents lena aur payment lena. Uske baad government portal par form bharna, OTP/CAPTCHA dalna aur submit karna **aapka (operator ka) manual kaam** hai. Har service ke section me ye 7 cheezein milengi: service ka description, eligibility, system me configured fields, documents list, portal par step-by-step process, **"Sahi Tarike" box** (asli process ke facts — SarkariDNA video walkthroughs aur official portals se verify kiye hue), aur operator tips jo rejection se bachate hain.

Is edition (V3.0) me **9 step-by-step video walkthroughs** ka knowledge seedha guide me merge kiya gaya hai — PAN card (Protean portal), Aay/Jati/Niwas Praman Patra (e-District), Ration Card (Smart PDS 2.0), GST registration aur GSTR-1/3B filing, ITR filing (AY 2026-27 ke naye rules) aur Passport apply. Har covered service ke "Sahi Tarike" box me video ka link bhi diya gaya hai — customer ke sawal ka jawab video ke timestamp ke saath check kar sakte ho. Videos dekhne ke liye Quick Reference ke baad wali **Video Guide References** table use karo.

Knowledge verification ka source: **SarkariDNA YouTube channel**

(youtube.com/@SarkariDNA) ke sarkari services guide videos — is guide me 9 videos ka process seedha verify karke dala gaya hai (PAN, Aay, Jati, Niwas, Ration Card, GST Reg, GST Filing, ITR, Passport) — plus official portals (onlineservices.nsdl.com, incometax.gov.in, gst.gov.in, nfsa.gov.in, passportindia.gov.in, voters.eci.gov.in, beneficiary.nha.gov.in, register.eshram.gov.in, scholarships.gov.in). Isliye jo tareeka is guide me likha hai, wahi portal par asli me chalta hai.

System ka flow simple hai. Customer WhatsApp par message bhejta hai (jaise "pan card banana hai") — AI engine service pehchan leta hai aur fee bata deta hai. Customer CONFIRM karte hi ek-ek karke sawal aate hain, jisme galat jawab turant reject ho jata hai (jaise 12 digit Aadhaar, 10 digit mobile check). Documents photo/PDF me aate hain aur pricing ke baad UPI payment link jata hai. Payment web-hook se verify hote hi application number banta hai (CSC-2026-XXXXXX) aur aapke

operator WhatsApp par task aata hai. Aap portal par kaam complete karke **DONE** command se mark karte hain — customer ko confirmation chali jati hai.

1.1 5 Golden Rules — Ye Kabhi Na Todein

RULE 01

OTP aur CAPTCHA hamesha customer ke saath

Kisi bhi service ka OTP, CAPTCHA ya password automate nahi karte. Portal par OTP customer ke Aadhaar-linked mobile par hi aayega — wo khud dekh kar bolega. Customer se OTP puchna ya share karna mana hai; ye compliance aur trust dono ke liye critical hai.

RULE 02

Payment sirf official link se maano

Payment verify sirf system ke webhook se hota hai. Customer screenshot bheje to usse proof ke roop me kabhi mat lo — "payment ka intezaar karein, verification automatic hai" bolo. Fake screenshot fraud ka sabse common tareeka hai.

RULE 03

Sensitive data masked rakho

Aadhaar number chat me bhi mask karke likho (XXXX XXXX 1234). Pura number, password ya OTP kisi bhi message, task note ya receipt me repeat na karo. Documents sirf system ke secure storage me rehte hain.

RULE 04

Duplicate application se bacho

Naya kaam shuru karne se pehle customer ka purana application STATUS se check karo. Ek hi service ke do applications se government fee do baar kat sakti hai aur refund mushkil hota hai. Application number hi single source of truth hai.

RULE 05

Fees aur rules go-live par verify karo

Is guide me fees system ki pricing table se aayi hain. Government portal ke fee aur rules time-to-time badalte hain — PORTAL_MODE LIVE karne se pehle aur mahine me ek baar official portal se verify karte raho.

RULE 06

Aadhaar-linked mobile pehla check hai

Ayushman, E-Shram, Voter ID, NSP — har e-KYC ka OTP customer ke Aadhaar-linked mobile par hi aata hai. Kaam shuru karne se pehle poochho: "ye number Aadhaar se linked hai?" Link nahi hai to pehle Aadhaar center bhejo — warna aadha kaam karke atak jayenge. Saath me customer ka DigiLocker account bhi bana do — documents hamesha safe aur valid rehte hain.

1.2 Operator Commands — WhatsApp par kaam kaise chalayein

COMMAND	KAB USE KAREIN
QUEUE	Saare pending applications dekhne ke liye — jo payment ke baad aapke kaam ka intezaar kar rahe hain.
DONE CSC-2026-XXXXXX	Portal par submit ho gaya — customer ko confirmation jayegi aur application band hogi.
ISSUE CSC-2026-XXXXXX [note]	Document me dikkat, rejection, ya customer se extra chahiye — customer ko issue message jayega.
PAID CSC-2026-XXXXXX	Payment manually confirm karna ho (rare case) — pehle bank statement me zaroor check karo.
HUMAN / RESUME	Customer "HUMAN" likhe to bot ruk jata hai; kaam poora hone par RESUME se bot wapas chalu.

1.3 Portal par banane ka process (Operator SOP)

1

Form 49A select karo: Portal par "New PAN - Indian Citizen (Form 49A)" chuno. Correction ke liye "Changes or Correction in PAN" wala option.

- 2 **Category + token:** Individual select karke application token generate karo, phir "Submit digitally through e-KYC & e-Sign (Paperless)" choose karo.
- 3 **Details bharo:** Naam Aadhaar se EXACT same likho — bich me space, spelling, order kuch bhi change na ho. Yahi sabse bada rejection reason hai.
- 4 **AO code:** Customer ke shehar ka AO code chuno (portal ke AO list me search karo). Galat AO code se application atak jati hai.
- 5 **Aadhaar e-KYC:** Aadhaar number dalo — OTP customer ke linked mobile par jayega. Customer se hi turant phone/WhatsApp par OTP bolwao aur portal par dalo.
- 6 **Photo & signature upload:** Photo 3.5×2.5 cm, 20-50 KB, white background; signature khaali page par black ink se, 20-50 KB. System se aayi photos quality check kar lo.
- 7 **DOB proof upload (2026 naya rule):** Aadhaar ke alawa DOB ka alag proof ab MANDATORY hai — 10th marksheet, birth certificate, voter ID, driving licence, passport, marriage certificate ya magistrate affidavit. Aadhaar ab DOB proof ke liye accept NAHI hota (SarkariDNA video). System ye document WhatsApp par maang chuka hoga.
- 8 **Fee payment:** Rs 107 portal par (ye customer ke payment me shaamil hai). Payment mode "Demand Draft" nahi — online/card/UPI chuno.
- 9 **Acknowledgement:** 15-digit acknowledgement number save karke customer ko WhatsApp par bhejo. Ye tracking number hai.

OPERATOR TIPS — REJECTION SE BACHAV

- Naam mismatch (Aadhaar vs form) = 60% rejections ka reason. Do baar match karo.
- Minor applicant ke case me parent ka document aur "representative assessee" details lagti hain.
- Correction request me purana PAN number bhi customer se le lo aur purana card ki photo bhi.
- 15 din me PAN na aaye to acknowledgement number se NSDL helpline/timeline check karo.

SAHI TARIKE — ASLI PROCESS FACTS

- **Fee ka asli hisaab:** physical card par govt fee Rs 107 hai; sirf e-PAN (PDF) Rs 66-72. Customer ko pehle poochho — e-PAN sasta aur 1-2 din me email par, physical card 4-6 din post se (SarkariDNA 2026 video).
- **Aadhaar ab DOB proof me kaafi NAHI (SarkariDNA PAN video):** 2026 se Protean portal par DOB ke liye alag document lagta hai — 10th marksheet, birth certificate, voter ID, DL, passport, marriage certificate ya affidavit. Ye field system me add ho gayi hai (Sawal 8/8), document bhi maanga jayega.
- **Draft save karte raho:** form bharnе ke dauran "Save Draft" dabate raho — portal session expire hone par data loss nahi hota. e-KYC + e-Sign dono customer ke Aadhaar OTP se hote hain.
- **Minor PAN (SarkariDNA guide):** bachche ke liye birth certificate + parent ka Aadhaar lagta hai; parent hi "representative assessee" banta hai. Bachche ki photo me aankhein khuli honi chahiye.
- **Naam ka exact match:** Aadhaar me jaisa naam, wahi form me — spelling, space, order sab same. Isi ek galti se sabse zyada applications reject hote hain.
- **Pura video:** youtu.be/c64iYxZsIPs — New PAN Card Apply 2026 (SarkariDNA)

ITR Filing

TAX · INCOME TAX E-FILING PORTAL

CUSTOMER PAYS

Income Tax Return (ITR) me customer apni saal ki income, TDS aur tax declare karta hai — jisme TDS jyada kata ho to refund bhi milta hai. Salaried employees ke liye ITR-1 (Sahaj) aur chhote business ke liye ITR-4 (presumptive) sabse common forms hain. Return file hone ke baad **e-verification karna zaroori hai**, warna return invalid maana jata hai.

KAUN FILE KAR SAKTA HAI

2.3 Portal par filing ka process (Operator SOP)

- 1 Documents cross-check:** Form 16 ka salary + TDS bank statement se match karo. Koi mismatch ho to pehle customer se clear karo.
- 2 Portal login:** incometax.gov.in par customer ke PAN se login. Password customer ka hai — customer se khud type karwao, password kabhi apne paas na rakho.
- 3 AIS/26AS dekho:** Annual Information Statement me reported income aur TDS check karo — isme koi unknown entry ho to customer se poochho.
- 4 Form chuno:** ITR-1 (salary + 1 house property + interest), ITR-4 (business 44AD/44ADA). Category galat hui to notice aa sakta hai.
- 5 Regime compare:** Old vs New regime ka tax compare karo — portal auto-compute karta hai. Customer ko benefit wala option batado.
- 6 Details fill:** Income, deductions (80C, 80D agar old regime), TDS schedule, bank details. Aadhaar-bank link verified hona chahiye.
- 7 Submit + e-Verify:** Submit ke turant baad e-verification Aadhaar OTP se karo (OTP customer ke mobile par). 30 din ke andar e-verify zaroori, warna return invalid.
- 8 ITR-V bhejo:** Acknowledgement download karke customer ko WhatsApp par bhejo — refund status ke liye ye number kaam aayega.

OPERATOR TIPS — REJECTION SE BACHAV

- e-Verify bhulna sabse common galti hai — submit ke baad hi karwa lo, baad me na chhodo.
- Bank account pre-validated na ho to refund atakta hai — pehle validation karwao.
- Due date (non-audit) 31 July; late filing par 234F ke under Rs 1,000-5,000 fee lagti hai.
- Interest income 10,000 se upar ho to ITR zaroori hai, salary kam bhi ho to.

SAHI TARIKE — ASLI PROCESS FACTS

- **AIS/26AS reconciliation:** Form 16 ka TDS aur bank interest ko AIS aur Form 26AS se match karo — mismatch par defective return notice (139(9)) aa jata hai.
- **Regime compare:** portal old vs new regime auto-compute karta hai — jis me tax kam ho wahi chuno. New regime me 80C/80D deductions nahi chalti.
- **Refund ki 3 preconditions:** PAN-Aadhaar linked, bank account pre-validated, aur re-turn e-verified — ek bhi miss hua to refund atak jata hai.
- **AY 2026-27 ke naye rules (video course):** Income Tax Act 2025 lagu — new regime me Section 87A rebate aur marginal relief ka fayda check karo; 5 income heads (Salary, House Property, PGBP, Capital Gains, Other Sources) ka sahi classification karo.
- **Form selection quick guide:** ITR-1 salaried ke liye, ITR-2 capital gains/multiple property wale ke liye, ITR-4 presumptive business (44AD/44ADA) ke liye. Capital gains wale ITR-1 me na bharo — notice aayega.

3.3 Portal par registration ka process (Operator SOP)

- 1 Part-A (REG-01):** gst.gov.in ke Services, Registration, New Registration me jaao. Taxpayer type (Proprietorship etc.), PAN, mobile, email dalo — TRN generate hoga.
- 2 TRN se login:** TRN 15 din valid hota hai. TRN se login karke mobile + email dono par OTP verify karo (customer ke devices par aayenge).
- 3 Part-B bharna:** Business details, trade name, HSN/SAC code, principal address (state, district, jurisdiction officer auto-select hota hai).

- 5 Promoter details:** Proprietor ka photo, Aadhaar, PAN, personal address, bank account number + IFSC. Bank statement 3 mahine ka upload.

- 7 **ARN track:** Officer query aaye to 7 din me jawab dena hota hai, warna application reject. Approved hote hi GSTIN aur certificate email par aa jata hai.

OPERATOR TIPS — REJECTION SE BACHAV

- Address proof sabse zyada query ka reason hai — naya electricity bill aur clear rent agreement rakho.
- Trade name me special characters ya galat spelling se jurisdiction issue hota hai.
- Query ka jawab 7 din me dena mandatory — deadline miss hua to application cancel.
- Registration ke baad 6 mahine me pehla return bhi file karna zaroori hai, warna GSTIN suspend.

SAHI TARIKE — ASLI PROCESS FACTS

- **Aadhaar authentication karwao:** proprietor ke Aadhaar OTP se authentication ho gayi to physical verification skip hoti hai aur approval 3-7 din me aa jata hai.
- **HSN/SAC sahi chuno:** turnover ke hisaab se digits badhte hain (5 crore tak: 4-digit HSN) — galat code se baad me notice aata hai.
- **Certificate REG-06:** approve hote hi GST certificate email par aata hai — customer ko PDF bhejo aur dukan par lagane ko kaho.
- **Aadhaar authentication opt-in karo (SarkariDNA GST video):** Rule 14A ke under Aadhaar authentication chuno — isse physical verification skip hoti hai aur GSTIN kuch ghanton me issue ho jata hai, form bharnе wale din hi.

4.3 Return filing ka process (Operator SOP)

- 1 **Data lo:** Customer se sales register aur purchase invoices Excel/PDF me lo. B2B (GSTIN wale) aur B2C (consumer) invoices alag karo.
- 2 **GSTR-1:** Portal login karke Returns Dashboard me period chuno. B2B invoices ek-ek karke (ya offline tool se JSON upload), B2C ka summary rate-wise dalo.
- 3 **GSTR-3B:** Auto-drafted liability check karo — outward tax, ITC claim, aur net payable. ITC tabhi claim karo jab supplier ne apni GSTR-1 file ki ho (2B me dikhta hai).
- 4 **Tax payment:** Payable ho to electronic cash challan banao — customer ke net banking/UPI se pay karwao (ye customer ka direct payment hai, aapke payment me nahi).
- 5 **Late na karo:** GSTR-1 ki 11 tareekh aur 3B ki 20 tareekh (QRMP me 22) hard deadline hai. Late fee Rs 50/day (nil return me Rs 20/day) per return lagti hai.
- 6 **Acknowledgement bhejo:** Filed return ka ARN/reference number customer ko WhatsApp par bhejo aur next month ki date yaad dila do.

OPERATOR TIPS — REJECTION SE BACHAV

- Supplier ne GSTR-1 file nahi ki to customer ka ITC claim nahi hoga — pehle supplier ko yaad dilao.
- Nil return bhi file karna zaroori hai — file na karne par GSTIN status "pending" ho jata hai.
- Invoice number duplicate ya gap na ho — sequential numbering check karo.

SAHI TARIKE — ASLI PROCESS FACTS

- **Interest ka hisaab:** tax late paye to 18% annual interest lagta hai — 3B time par bharna sirf late fee se nahi, interest se bhi bachata hai.
- **QRMP option:** turnover 5 crore se kam wale GSTR-1 quarterly (13 tarikh) + 3B monthly chun sakte hain — chhote dukaan walo ke liye aasan.
- **E-invoice:** turnover 5 crore+ ho to e-invoice (IRN) mandatory hai — aise customers ko pehle se bata do.
- **GSTR-1 ke important tables (SarkariDNA filing video):** Table 6 exports, Table 7 B2C supplies, Table 14/15 e-commerce (Swiggy/Zomato jaise ECO ke through bechne wale) — galat table me entry se mismatch notice aata hai.
- **Galti ho jaye to GSTR-1A:** GSTR-1 file hone ke baad bhi GSTR-3B se pehle GSTR-1A me amendment karke B2C invoice values sudhar sakte ho — 3B hamesha sudhar ke baad file karo.
- **Rule 86B yaad rakho:** jis month taxable supply 50 lakh cross kare to output tax ka kam se kam 1% cash me dena padta hai — ITC ke bharose sirf adjust nahi hota.
- **RCM ka hisaab alag rakho:** import of services, GTA jaise reverse charge supplies 3B me alag table me aate hain — ye 2B se auto-populate hota hai ya manual calculate hota hai, ITC iska claim kar sakte ho.

Ye state ke e-district portal se banta hai aur aam taur par ek financial year ke liye valid rehta hai. Har state ka apna portal hai (jaise Rajasthan me edistrict.rajasthan.gov.in), process sab jagah almost same hai.

5.3 Certificate banane ka process (Operator SOP)

- 1 State portal par registration:** e-district portal par Aadhaar e-KYC se customer ka account banao — OTP customer ke mobile par hi aayega.
- 2 Application form:** Income certificate service select karke naam, pita ka naam, DOB, address, parivar members aur declared annual income bharo.
- 3 Income proof:** Salary wale ka salary slip/employer certificate; business wale ka ITR; kheti wale ka patwari report; naukri na hone par self-declaration format me.
- 4 Upload + submit:** Aadhaar, photo aur income proof upload karke application submit karo — registration number save karo.
- 5 Verification follow-up:** Patwari/Kanungo report aur Tehsildar verification hoti hai. Status portal par check karte raho — document lage to customer se turant lo.

Certificate download: Issue hone par PDF download karke customer ko bhejo. DigiLocker me bhi sync hota hai. Validity (1 saal/FY) note karwao.

OPERATOR TIPS — REJECTION SE BACHAV

- Address ke tehsil/district ka jawab portal ke jurisdiction se match hona chahiye, warna application transfer hoti hai.
- Income declaration threshold se jyada likhi to scholarship reject ho sakti hai — customer ke scheme ki limit poochho.
- Verification me patwari se milna pad sakta hai — customer ko pehle se bata do.

SAHI TARIKE — ASLI PROCESS FACTS

- **Validity sirf 1 saal:** certificate current financial year tak valid hota hai — scholarship har saal fresh maangti hai (repeat business, customer ko yaad dilate raho).
- **Income proof source-wise:** private job → employer certificate ya salary slip; sarkari naukri → salary slip; kheti → patwari report; kaam na ho → notary se self-declaration affidavit.
- **Ration card bhi lagta hai** kai states me — pehle hi manga lo, verification stage me lagega.
- **Income sources sahi declare karo (SarkariDNA Aay video):** e-District form me income ke sources alag puchte hain — kheti, business, mazdoori. Har source ki detail bharke hi total annual family income banta hai, approx likhne se verification me dikkat hoti hai.
- **Swapramani Ghoshna (self-attested declaration):** photo + Aadhaar ke saath self-declaration form bhi upload hota hai jo customer ne khud sign kiya ho.
- **Payment error par double pay na karo:** fee payment me server hang/error ho to pehle bank statement me paisa kata ya nahi dekho, phir hi retry — video me ye common problem bataya gaya hai. Digitally signed certificate portal se hi download hota hai.

- **UP e-District fee Rs 15 hai (SarkariDNA Jati video):** caste certificate ki govt fee sirf Rs 15 lagti hai — customer ko Rs 74 me service charge + GST samjhao. Processing 15-30 din state ke hisaab se.

FPS dealer selection form me hota hai

15.3 Portal par banane ka process (Operator SOP)

- 1 Citizen Login:** Smart PDS portal par "Citizen Login" chuno — mukhiya ka Aadhaar number dalo, OTP unke linked mobile par aayega. Ye OTP customer ka hai.
- 2 RC Application:** "RC Application" me jaakar "Apply New Ration Card" select karo.
- 3 Mukhiya details:** Naam, photo (max 5MB), occupation, qualification aur income bharo — naam Aadhaar se exact match hona chahiye.
- 4 Members add karo:** Har family member ka Aadhaar number, relation aur occupation ek-ek karke add karo. Sabhi members ka Aadhaar WhatsApp par already mil chuka hoga.
- 5 Bank + FPS dealer:** Bank account details dalo aur Fair Price Shop (jahan se ration milega) ka dealer chuno — galat FPS chune to ration alag dukaan par jayega.
- 6 Review + submit:** Pura form ek baar review karke submit karo — **acknowledgment number** save karke customer ko bhejo. Yahi tracking number hai.
- 7 Physical submission (agar lage):** Kuch regions me application print karke local food inspector ko jama karni hoti hai — customer ko pehle bata do.
- 8 Status track:** Acknowledgment number se portal par status check karte raho; card banne ke baad customer ko bata do.

OPERATOR TIPS — REJECTION SE BACHAV

- Pehle check karo ki parivar ke kisi member ka purana RC to nahi — duplicate application reject hoti hai.
- Member add karne ka kaam "Add Member" flow se hota hai, naye card se alag — kaunsa kaam hai pehle confirm karo.
- Income/caste certificate optional hain, par lagane se BPL/ANTYODAYA category milne ke chances badhte hain.
- Aadhaar me ghar ka address purana ho to pehle address update karwao — RC usi par banega.

SAHI TARIKE — ASLI PROCESS FACTS

- **Smart PDS 2.0 + Aadhaar OTP (SarkariDNA Ration video):** login ke liye Aadhaar + OTP hi process hai — koi password nahi. Isliye mukhiya ka Aadhaar-linked mobile sabse pehle confirm karo.
- **Photo max 5MB:** mukhiya ki passport-size photo 5MB se chhoti honi chahiye; income/caste certificate aur address proof PDF me upload hote hain.
- **FPS dealer selection zaroori:** form me hi ration dukaan (FPS) choose karni hoti hai — ye step skip hua to card bana par ration nahi milega.
- **Physical submission bhi ho sakti hai:** video ke hisaab se kuch regions me print karke food inspector ko dena padta hai — acknowledgment number ke saath rakho.

- Naam marksheet/Aadhaar me EXACT same ho — shaadi ke baad surname badla ho to marriage certificate lagta hai.
- Police verification me ghar par na mile to verification "not found" ho jati hai — customer ko date pehle bata do.

SAHI TARIKE — ASLI PROCESS FACTS

- **Fee badh gayi — Rs 2500 (SarkariDNA Passport video):** pehle Rs 1500 thi, ab normal 36-pages/10-saal passport ki fee Rs 2500 hai. System pricing isi hisaab se set hai.
- **ECR vs Non-ECR:** 10th pass = Non-ECR (bina ECR check ke kisi bhi desh me travel); 10th fail = ECR category — kuch deshon me additional approval lagta hai.
- **Photo PSK par hi:** online application me photo upload nahi hota — Passport Seva Kendra par live photo + signature capture hota hai. Isliye system WhatsApp par photo nahi maangta.
- **DOB proof alag se:** Aadhaar ke saath DOB ka proof (birth certificate, 10th marksheet, voter ID) bhi laga do — birth certificate sabse strong hai.
